NOTABLE QUOTES
Here's a thoughtful quote by VADM Rudolf Golosov of the Russian Navy:
"Submariners are a special brotherhood, either all come to the surface or no one does. On a submarine, the phrase all for one and one for all is not just a slogan, but reality."
I received the following letter from Jamie yesterday:

"Hi Richard,
On 4-2-01 we went to Bear Butte* with my P.C. and Health class. Most of my friends ran all the way. Even I couldn't walk up because the wind was blowing really hard. I barely made it up the hill. But here are some pictures of my class and my Mom in my graduation. One of the pictures is me holding my diploma with my Mom. Can you see my eagle feather on top of my head. Plus it was really hot that day. That's all about the pictures. Plus my sisters cat is going to have kittens. My dog had two puppis.
Do you watch wrestling? I do. My favorite is the Rock and Stone Cold Steve Ausrin. But thats all.

Sincerely,

Jamie "Respects Nothing" Austin

* Bear Butte is a 4500 foot mountain about 100 miles north of Jamie's home.

Joe Brown and Dick Gallipeau coordinate this project for Snug Harbor Base.

Jamie is a big boy: extra large coat size, pant size 38/40, shirts large, underwear extra large, shoe size 11 1/2. We are trying to find out the ages and size of his sisters/cousins so that we might find clothes and accessories for them as well. His 15th birthday is July 25.
**Base Blood Bank** U.S. SubVets Snug Harbor Base now has an account with the Central Florida Blood Bank. When donating, be sure to use our title of "U.S. SUBVETS Snug Harbor Base" and our account number of 34522. Brevard County has four locations to accommodate donors:

- Titusville phone 267-6712
- Rockledge phone 632-2052
- Cocoa Beach phone 868-0515
- Melbourne phone 768-8585

Call the location listed above for directions and hours of operation. Also be aware that some medications will prevent you from donating. Check with the Blood Center.

**SNUG HARBOR WEB SITE** Tim has added a new feature to the Snug Harbor web site. When you bring up your own profile, if you are a Life member or a Holland Club member, it will so indicate. If you do NOT have a "Then" (an early picture of you) and "Now" (as you look today) picture posted and would like to, mail your photos to Tim VeArd, P.O. Box 33666, Indialantic, Fl. 32903-0666 and he will post them. If you would like the photos returned to you, please include a self-addressed, stamped envelope and he will return them. I have been taking "Now" pictures of the members at the Base meetings. If you have a "Then" picture that you would like posted, bring it with you to the Base meetings and I will drop them off to Tim. You can find our web site at "http://www.ssbn601.com/snugharbor".

**NAVAL SUBMARINE LEAGUE** We are still looking for interested personnel who would like to join the Naval Submarine League. If you are interested, please let me know and I will send you an application. The dues are $25 per year for retirees and $15 per year for active duty. Membership in the Naval Submarine League also gets you a subscription to "The Submarine Review" plus an annual Directory of members. The only qualification to join is to be an ardent supporter of having a Strong Submarine Force.

**POSTAGE** We now have been approved by the U.S. Postal Service to mail at the Nonprofit Standard Mail (NPSM) rates. In order to take full advantage of these rates you have to mail a minimum of 200 pieces. Since we don't have that many pieces, the local post office in Melbourne, suggested that I use a Mail Management Service who can mail our Newsletters for us by combining them with other mailings, so that's what I am now doing. It has cut our cost of mailing the Newsletter from 34 cents each to about 19 cents each. This is a savings of about $18 per mailing. There are a couple of disadvantages to doing it this way but I think the cost savings outweighs the disadvantages. The first disadvantage is that it may take a day or so longer for you to receive the Newsletter. The biggest disadvantage is that since the Newsletter is no longer being mailed as First Class mail, the Postal Service will NOT forward your Newsletter even though you give them a forwarding address when you move from one location to another. Therefore, it is VERY important that you keep me informed each time you move so that I can be sure and mail your Newsletter to your current address. This especially applies to our "Snowbirds". Keeping me informed as to your current address also applies to the American Submariner magazine. I will keep the NJVC advised of your current address. He is the person that supplies the magazine mailers with the current mailing labels.

ITEM-03..INSTALLMENT PAYMENT OF USSVI LIFE MEMBERSHIP DUES  
WHY?: To improve retention by encouraging more Annual members to become Life Members.

The dues amount is the same, based on age at time of first payment. Payment is $25 per month until the Dues are paid in full.

NJVC will accept payments and track them until paid in full.

HOWEVER any member may CHOOSE to pay his LM dues all at one time (as is done now) OR may send $25 with his application and a NOTE that he wishes to pay in $25/month installments. All requests for LMI must come direct to the NJVC (Not the Office or elsewhere.)

ITEM-07..VIDEO FOR SALE: TOLLING OF THE BOATS 2000
"Tolling of the Boats -2000" video produced by John Mansfield. It is 46 minutes in length. The ceremony was held at Magnusen Park in Seattle at the Fin Project. (The Fin Project is comprised of the fairwater planes of decommissioned submarines) Many thanks to Dave Gordon for providing additional raw footage of the ceremony for inclusion.

The Seattle Base storekeeper Patrick Householder@Prodigy.net has copies available for purchase at $10.00 each plus postage.

ITEM-15..FROM THE VA: FREE PARKINSON'S DISEASE TREATMENT
Military.com reports that the Department of Veterans Affairs (VA) has announced a $36 million campaign to find a cure for Parkinson's disease. All veterans suffering from the illness will be entitled to free medical care at six centers that will be built by the VA to educate the public, perform research, and treat the illness.

These centers will be located in Houston; Philadelphia; Portland, Ore.; Richmond, Va.; San Francisco; and West Los Angeles, Calif. A Veterans Administration press release reports that each Parkinson's center will conduct research covering basic biomedicine, rehabilitation, health services delivery, and clinical trials.

Creation of the new centers represents the second substantial VA initiative regarding Parkinson's disease in two years. VA medical centers treat at least 20,000 Parkinson's disease patients each year.

ITEM-17..SUBMARINE VETS RETURN TO SUBSCHOOL
++++++++++++++++++++++++++++++++++++++++++++
What would it be like? What kinds of things are they teaching the future Submariners? How do they teach Submarine Escape if there is no Diving Tower in Groton? How do they teach the Trim and Drain System, or the Hydraulic System today?

You now have the opportunity.

On behalf of SUBVETS Groton Base, arrangements are being made for the second SUBVETS return to SUBSCHOOL. This is scheduled for Friday 18 May. The first one held last October was a huge success.

It starts out with us in attendance at the Basic Submarine School Graduation which starts at 9am. It'll give us an opportunity to talk to and rub elbows with the students graduating from SUBSCHOOL who are either going out to a boat or on to another school. After Graduation there will be a general presentation on SUBSCHOOL Today.

After that depending on your rate, we will break up into 4 groups based on your rate/interests as follows:

- TM/MM (AUXILIARYMEN)
- ST/FT
- Engineering
- RM/ET/QM/IC

Each of the four groups will tour the following trainers at SUBSCHOOL:

- DRIVE AND DIVE TRAINER
- ESCAPE TRAINER
- DAMAGE CONTROL TRAINER
- IN RATE TRAINING BASED ON RATING GROUP.

After completion of the tours, the groups will adjourn to the home of SUBVETS Groton Base at 40 School Street for comaraderie and Sea Stories highlighted by Pizza, Soda, Chilli, and Beer. The cost for the day is $15.00 a person. This covers lunch at the chow hall, and the food/beverages afterwards. We will also invite the SUBSCHOOL Instructors to join with us. You don't have to be a member of SUBVETS/SUBVETS Groton Base. This is open to all. If you are interested in attending please contact both me and John Wynn and let us know which group you want to be in, and then send the $15.00 to

U.S. SUBVETS
John Wynn
3 Leada Woods Road
Old Saybrook, CT 06475

Dress for the day is casual. If you have a SUBVETS Vest, or hat, or boat hat/shirt etc. you are encouraged to wear that.

If you have any questions, please don't hesitate to contact me.

John Carcioppolo

ITEM-18..INFO ABOUT THE CONVENTION IN PEORIA
++++++++++++++++++++++++++++++++++++++++++++
26 February 2001

Convention Events Tours;

Wheels of Time

Caterpillar Tractor Co.

One tour is Engine Plant and the other is Machinery Assembly. http://www.cat.com

During the convention, we may offer a river cruise on the "Spirit of Peoria". If enough interest is shown, we will try to plan the river cruise after the business meeting, to have a lunch on board with entertainment provided.

http://www.spiritofpeoria.com

Check these web sites out and pass to your membership.

Also pass to your membership when filling out registration forms, where it says Registration, $12/person, that means $12 for everybody... including wives and girl friends.
We are looking at a new Chrysler Sebring for the New Car Raffle. For $10/chance, how can you go wrong.. (a lot better odds than Lotto). This Raffle is only open for Submariners, Submarine Veterans, associate members and their immediate families. If we have a shortfall of funds to pay for the car, we will draw for ¼ each to two winners, ¼ for the Subvets Scholarship Fund and ¼ for the Host Base for expenses.

Submariners not attending the convention are also eligible for this Raffle. Anyone wanting tickets, send me a self-addressed envelope with a Check for $10 and I will send you a ticket. Either send me the stub or send it back with one of your shipmates that will be attending the convention.

The 50/50 raffle has been pretty popular.. I don't know what Atlantic City brought in but the raffle in Reno, the winner got over $3,000. Not bad for a $5.00 investment, or maybe it only cost him a dollar?

The "Uncle Ron" Painting is a 3' x 4' oil painting of a boomer in the middle with a submersible from day one in submarine history in each of the four corners of the painting. I will send a picture to the editor of the American Submariner to display. Most of the activities will take place on Wednesday. Holland Club Breakfast (8:00), Ladies Luncheon and Men's Luncheon (11:30) and the Welcome Aboard Party will commence at 5:00 PM.

We will plan on having the Memorial Service at Veterans Park by the Illinois River. You will be able to see first hand where the boats built by Manitowoc Shipbuilders transited through Peoria.

The Banquet will be held on Saturday Eve in the Grand Ballroom at the Holiday Inn, City Centre. Our guest speaker as of now will be Vice Admiral Al Konetzni, who is Com Sub Pac now but will be Deputy Commander U.S. Atlantic Fleet.

Campers and RV'rs.

There is a RV park in East Peoria. Reservations can be made by calling (309) 699-5615. This park is about 6 miles to the host hotel. The park is called Spindler Campground and is run by the Fon du Lac Park District.

TRICARE FOR LIFE UPDATE: TFL

Update 6: Under the new Tricare For Life (TFL) program, Tricare will be a second payer to Medicare when services are covered by both programs. However, some health care services may be covered by one program and not the other. Below is FRA’s general interpretation of how the TFL benefit will be applied in various circumstances. Note that when a beneficiary is responsible for deductibles and/or cost shares, their out-of-pocket expenses are limited to $3,000 per family per fiscal year. This "Catastrophic Cap" is a very important benefit in the TFL program. Services that are covered by both Medicare and Tricare: When a beneficiary receives medical care and/or medical supplies that are a benefit of Medicare and Tricare, Medicare pays first and Tricare pays the Medicare deductibles and copayments.

MEDICARE PART B COVERAGE (Hospital Services)

a. When a beneficiary is hospitalized in a Medicare-approved facility, Medicare pays the allowable amount and Tricare pays the deductible and any cost share for the first 150 days of hospitalization. The beneficiary pays nothing. After 150 days, Tricare becomes the primary payer, covering 80 percent of the Medicare allowable amount in network hospitals and 75 percent in non-network facilities. The beneficiary is responsible for the remaining 20 or 25 percent not to exceed $3,000 per family per fiscal year.

b. When a beneficiary is admitted to a skilled nursing facility after three days or more of acute hospitalization, Medicare pays all approved charges for the first 20 days. From the 21st through the 100th day, Medicare pays all but $99 per day. Tricare pays $99 per day on the beneficiary's behalf. The beneficiary pays nothing. After 100 days of skilled nursing care, Tricare will pay 75 percent of the Medicare allowable charges and the beneficiary is responsible for the remaining 25 percent, not to exceed the catastrophic cap. In the rare event that a beneficiary does not meet Medicare's three-day hospitalization requirement, Tricare becomes the first payer and the patient is responsible for the deductible and cost share up to the $3,000 maximum.

MEDICARE PART B COVERAGE (Medical Services)

a. Services that are payable by both Medicare & Tricare - When a doctor provides a service covered by Medicare and Tricare to a hospitalized or out-patient beneficiary, Medicare pays the entire bill except for the Medicare annual deductible ($100) and the beneficiary's cost-share (20% percent). Tricare pays the deductible and cost share and the beneficiary pays nothing. (Note: Even if the doctor does not participate in Medicare, he/she is prohibited by law from charging the beneficiary more than 115 percent of the Medicare allowable amount.)

b. Services that are payable by Medicare, but not Tricare - When a beneficiary receives care that is covered by Medicare but is not a benefit of Tricare (chiropractic services, for example), Medicare pays the allowable amount, minus the Medicare deductible and cost-share. Tricare pays nothing. The beneficiary is responsible for the portion of the bill not paid by Medicare.

c. Services that are payable by Tricare, but not Medicare - When care is a benefit through Tricare, but is not covered by Medicare, Tricare becomes primary payer. The beneficiary must pay the Tricare deductible and cost-share, just like an under-65 retiree, but there is a limit to what the beneficiary must pay. Once the beneficiary pays cost-shares and deductibles equal to $3000 per fiscal year (sometimes called the "catastrophic cap"), Tricare pays 100 percent of the allowable charge for covered services. In this case, the beneficiary will receive a bill for, and be legally obligated to pay, the Tricare deductible and cost share. Generally, the Tricare deductible is $150 per person or $300 per family per fiscal year. When a beneficiary receives medical care in a geographic location (overseas, for example) not covered by Medicare, Tricare is the beneficiary's only medical benefit. Tricare will pay for services and supplies, but only if they are "covered." The beneficiary is liable for the Tricare deductible and cost-share in the same manner as an under-65 year old retiree. When a beneficiary receives care in a non-DoD government facility (a VA health care facility, for example) for which no Medicare benefits are available, Tricare pays the beneficiary's legal liability minus the Tricare deductible and cost-share. The beneficiary is responsible for paying the deductible and cost-share just like an under-65 year old retiree.

JUST FOR LAUGHS

For those tired of the usual "friend" poems, here is what a submarine friend is:

When you are sad ... I will get you drunk and help you plot revenge against the scum sucking bottom eater who made you sad.

When you are blue ... I'll try to dislodge whatever's choking you.

When you are scared ... I will rag you about it every chance I get.

When you are worried ... I will tell you horrible stories about how much worse it could be and tell you to quit whining.

When you are confused ... I will use little words to explain it to your dumb butt.

When you are sick ... Stay the hell away from me until you're well again, I don't want whatever you have.

When you fall ... I will laugh at your clumsy butt, help you up, and tell you to keep moving.

This is my oath ... I pledge till the end.

Why, you may ask? Because you're my friend.

Until next time ... keep a Zero Bubble AHOOOOOOOOOGA
